2024-2025

GOVERNMENT POLYTECHNIC AMRAVATI

(An Autonomous Institute of Govt. of Maharashtra)

INSTITUTE VISION

- To be a vibrant technical institute of global repute contributing towards the needs of industries & society.

INSTITUTE MISSION

- To develop competent diploma engineers suitable for contemporary industrial environment.
- To inculcate socially accepted ethics & values among budding engineers.
- To nurture innovations and entrepreneurship.
- To produce engineers with psychomotor & cognitive skills committed to lifelong learning.

GOVERNMENT POLYTECHNIC

AMRAVATI

(An Autonomous Institute of Govt. of Maharashtra)

DEPARTMENT VISION

- To ensure an excellent education environment with the technical capability in the field of CM engineering to serve the vibrant Industry & Society.

DEPARTMENT MISSION

- Facilitate Students to learn the basics of CM Engineering entailing the technical gain.
- Train Students with technical skills with rational capacity to meet the requirements of industry with technological aspect.
- Motivate the students for an advanced knowledge in CM engineering and other value-added programs for their holistic development.
- Imparting ethical values, leadership and social values in Students which transform them into good human being.
- Provide an academic environment and consultancy services to the industry and society in the area of IT & Computer engineering.

COURSE OUTCOMES (COs)

At the end of this course student will able to

1. Implement the project planning activities planned in previous course.
2. Finalize the problem for project.
3. Collect relevant information and data for identified project topic.
4. Analyze and compile the collected data.
5. Generate a project report based on the experiences and project execution carried out.
6. Present the project report using ppt.

ACKNOWLEDGEMENT

We would like to place on record our deep sense of gratitude to our guide, **Mrs. C. R. Chaudhari** Dept. of Computer Engineering for her generous guidance, helpful and useful suggestions, continuous encouragement and supervision throughout the course of present work.

We express our sincere gratitude to, **Dr. P.P Karde** Head of Department of Computer Engineering for his stimulating guidance. I would like to take this opportunity to express our deep gratitude to all those who extended their support and have guided us to complete seminar.

We are extremely thankful to, **Dr. V.R. Mankar** Principal, for providing us infrastructural facilities work in, without which this work would not have been possible.
